

JOB OPPORTUNITY

Systems Software Specialist I (Technical)

\$4,731.00 - \$5,753.00

Permanent Full-Time

The Engineering Division has an immediate opening for a Systems Software Specialist I (Technical) in the Electronic Commerce (EC) Unit within the Applications Enabling Section located at the Rancho Cordova Campus. Under the direction of the EC Unit supervisor, the incumbent will provide journey level WebSphere support for the DTS and its clients.

Essential Functions:

- Install, configure, debug, upgrade, patch, and administer the IBM WebSphere Application Server and IBM HTTPServer software
- Configure the Microsoft IIS web server software
- Install, debug, upgrade, patch, and administer the IBM DB2 and Oracle database connect client
- Provide digital certificate security support
- Assist Operations staff in the preparation of operational procedures
- Isolate and resolve problems related to the middleware software
- Provide second level support in isolating and resolving application problems
- Assist customers in the installation of their applications to test and production environments

Desirable Qualifications:

- Working knowledge and skills installing products on the Windows and Unix Operating Systems
- Working knowledge of IBM HTTPServer and IBM WebSphere Application Server
- Working knowledge in Word and Excel
- Good communication skills both verbally and written
- Work outside core business hours on occasion

Applications will be accepted only from individuals currently at the **Systems Software Specialist I (Technical)** level, or applicants who have transfer or promotional eligibility. Applications will be screened based on desired qualifications and only the most qualified will be scheduled for an interview. All appointments are subject to SROA/Surplus provisions.

Final File Date: (Until filled). Interested applicants must submit a State application to:
